ABOUT THE CONVENTION

Do you want to become your organization's nonprofit policy expert?

This year's CalNonprofits Policy Convention is an assembly of nonprofit leaders with thought-provoking views and insights on the crucial policy issues facing nonprofit organizations today. It is designed to spark dialogue and "big-picture" thinking.

Do you want to learn just how powerful California's nonprofit sector really is?

Be the first to see the results of *Causes Count: The Economic Power of California's Nonprofit Sector* – the first report of its kind to examine the sector's size, scope and economic impact on California. We will discuss the implications of the report and present ways to leverage the findings to build support for our sector.

New this year:

Pre-convention workshops! This pre-event day will offer hands-on workshops and activities so that you can get the nuts-and-bolts compliance and finance information that you need!
